LOYAL TROOPS ARE NOW IN CONTROL AT BERLIN

ANTI-SALOON LEAGUE HEAD DENOUNCES GOV. COX

Rev. P. A. Baker, League Superintendent, Following Announced Intention of Fighting Wet Candidates, Dubs Cox as "Thoroughly Wet."

Declares Governor Will Receive No Dry Votes Except From Party Stand-Patters.

(By Associated Press)

Westerville, O., March 19.—Following closely upon the announcement by the Anti-Saloon League of America that it would fight presidential candidates who are not thoroughly proved to be dry, the Rev. P. A. Baker, general superintendent of the league, today issued a statement characterizing Governor Cox of Ohio as "thoroughly wet."

"Governor Cox will receive no dry votes except the vote of the dries that also are standpatters and that always vote for the nominee, a thing that is true in both parties," the statement says and adds that the Governor will be fought by the league both as to nomination and election.

"Governor Cox," Baker said, "is thoroughly wet. He has never been anything but wet. His sentiments and his actions indeed after his failure to act, have stamped him as unfriendly to prohibition."

WILSON'S WISH IS MADE CLEAR TO COAL MEN

President Expects Soft Coal Miners and Operators To Work Out Their Contracts On Basis of Commission's Report.

(By Associated Press)

Washington, March 19.—President Wilson expects the bituminous coal operators and miners to work out their contracts for the new coal year beginning April 1 on the basis of the majority report of the Coal Strike Settlement Commission. Attorney General Palmer said today after a conference with Secretary Tamm.

Mr. Palmer said the minority report made by the miners' representative would be submitted by the President, along with the majority report, merely because it would have some bearing on any settlement reached at the proposed conference between the operators and miners.

BOLIVIA SENDS REGRETS

Lima, Peru, March 19.—The aid camp of President Guerra of Bolivia called at the Peruvian legation at La Paz yesterday and expressed the Bolivian government's regrets for the attack on the legation last Sunday night, according to official advices received here.

OHIO RIVER THREATENS A RAMPAGE

Dweller in Cincinnati Lowlands Preparing to Move to Higher Sections -- Water Rising At Rate of Tenth of a Foot An Hour.

(By Associated Press)

Cincinnati, March 19.—People living in the lowlands on the outskirts of Cincinnati are preparing to move to escape flood waters of the Ohio river.

At ten o'clock today the gauge showed 51.5 feet or 1.5 feet above flood stage, and rising one-tenth of a foot an hour.

The weather forecaster said a maximum stage of 55 feet would be reached unless there should be a repetition of the heavy rain last night.

OHIO RIVER RISING

Cincinnati, March 19.—The Ohio River at Cincinnati began to rise slowly again early tonight, and the 50-foot flood stage was passed at 11 o'clock.

FIRST OF COAL MEN SURRENDERS

(By Associated Press)

Indianapolis, March 19.—Carl Fletcher, of Indianapolis, secretary of the Knox County Coal Operators Association, surrendered to the United States Marshal here today. He is one of the 125 coal operators and miners indicted by special federal grand jury charged with conspiracy to enhance the price of coal and to defraud the government. He is the first man indicted to surrender.

TOLEDO CLEANS HOUSE

Toledo, O., March 19.—(Associated Press)—Twenty-eight persons are being held by police here without bail following raids conducted last night on the city's underworld section.

The chief of police announced that the purpose was to rid the city of the undesirables, who seem to be congregating here in large numbers.

SUIT BROUGHT TO TEST AUTHORITY OF COMMISSIONERS

(By Associated Press)

Columbus, O., March 19.—Suit to determine whether county commissioners can increase the interest rate on road bonds after proceedings for improvement of the roads have been started, has been filed in the Supreme Court by the Cuyahoga County Commissioners against the county auditor.

A decision adverse to the commissioners will greatly hamper road construction throughout the state.

NEWBERRY JURY IS STILL OUT

(By Associated Press)

Grand Rapids, Mich., March 19.—The jury charged with deciding the innocence or guilt of Senator Newberry and 84 co-defendants on trial here for eight weeks for alleged violation of the election laws, resumed its deliberations this morning.

WATCHING WILLIAM

(By Associated Press)

Amerongen, Holland, March 19.—Evidence that an extremely close guard has been placed by the Dutch government over former Emperor William was obtained today.

Police officers were detailed to follow him a few steps in the rear as he walked about the garden of the castle here.

Departing Forces of Kapp Clash With Jeering Crowds as They March Out of Capital And Scores Killed and Wounded

Bloodshed Occurs in Various Places As Evacuation Proceeds.

Economic Conditions Described As Serious and Radicals Not In Sympathy With Ebert—Formation of Soviets in Localities Meets With Stern Opposition.

(By Associated Press)

Berlin is still under the rule of bayonets, but troops loyal to the Ebert government are patrolling the streets. The forces which supported the Kapp regime have left Berlin.

Withdrawal of these soldiers, however, left chaos behind, as the rear guard turned against jeering crowds in Unter den Linden and fired, about a score being killed and scores wounded.

More bloodshed occurred near the parliament buildings, while in suburbs clashes resulted in loss of life.

While radical elements have not made organized attacks on the capital, economic conditions are described as serious. The resumption of power by the constitutional government is opposed by those who believe it bargained with the reactionary leaders who tried to seize control, and there seems to be an urgent demand for reorganization of the ministry and changes in policy in important particulars.

Reports from Germany outside Berlin are of such a character that a clear view of the situation is hard to obtain.

While it is said soviets have been formed in many important towns and cities and industrial districts, it does not appear that the movement is gaining momentum. Communist sympathizers seem to have met with stern opposition at many points.

HUNDREDS SLAIN IN MINING DISTRICTS

(By Associated Press)

London, March 19.—Hundreds of persons have been killed in the mining districts of Germany in collisions between miners and troops, it is declared in reports from Germany received at Copenhagen, the Central News correspondent in that city telegraphs.

Telegrams received from the big towns in Germany show that fighting is proceeding in nearly all the thickly populated areas where soldiers and workers are opposed.

JAPANESE READY TO OFFER GREAT CONCESSIONS

(By Associated Press)

Tokio, Japan, March 19.—It is understood here that the government has instructed the Japanese Minister in Peking to begin negotiations immediately for a speedy settlement of the Shantung question, as the views of the Japanese and Chinese Commissioners appointed to investigate have been found to concur in the main points, and Japan is ready to make large concessions toward an amicable solution.

JOFFRE TO VISIT SPAIN

Madrid, March 19.—It is reported that Marshal Joffre of France is coming to Spain and will attend several functions at Barcelona in May.

PRINCE ARRIVES AS SECRETARY OF RUSSIAN EMBASSY

Prince Gagarine.

Prince Gagarine, the new first secretary of the Russian embassy, has arrived in Washington to assume his duties.

REMONSTRANCE MADE BY GOV'T. TO OTHER ALLIES

United States Not in Favor Of Seizing German Property in Neutral Countries to Satisfy Indemnities.

(By Associated Press)

Washington, March 19.—Strong "remonstrances" have been made by the American Government against rulings of the Allied Reparation Committee that under the peace treaty sale of certain German property in neutral countries can be forced if necessary to satisfy the initial payment of the German indemnity.

Under Secretary Polk of the State Department, writing today to Senator Henderson, democrat, of Nevada, said "a further protest" was in preparation, as such a construction of the treaty was contrary to an official interpretation exchanged between Germany and the Allied Powers.

Mr. Polk's letter was in response to an inquiry regarding reports that Great Britain had requested that German property and all the rights of German citizens in electrical enterprises in South America be taken over by the commission and subsequently transferred to Great Britain as part of the indemnity due it by Germany.

TERRIFIC SAND STORMS CONTINUE IN SOUTH-WEST

(By Associated Press)

Chicago, March 19.—Terrific sand and dust storms continued today in the Southwest with conditions changing to a blizzard in the Northwest.

Only in the eastern Rocky Mountain region, which suffered heavily yesterday from a wind which blew 47 to 100 miles an hour, was a return to nearly normal conditions reported.

TRUSTY KILLED IN ESCAPE

Lima, March 19.—Joseph Umser, aged 51, a trusty at the Lima State Hospital, trying to escape from a second floor window, holding to trap, fell and was killed. Umser was sent up from Tiffin and has relatives there.

MARYLAND HOUSE PASSES BEER BILL

(By Associated Press)

Annapolis, Md., March 18.—The Maryland House of Delegates tonight passed the Jones three and one half percent beer bill with an amendment that makes it operative only if the Supreme Court rules that "concurrent action" by states means that each state may fix the alcoholic content of beverages manufactured and sold there in.

SENATE IS PREPARING FOR THE TEST ON TREATY

Upper House Adopts Modified Reservation Preamble Under Which Acceptance of Reservations Would Not be Required of Other Powers.

(By Associated Press)

Washington, March 19.—Preparing for a final vote on the peace treaty, the Senate today adopted the modified reservation preamble worked out in the bi-partisan conference under which affirmative acceptance of the reservation by the other powers would not be required.

By a vote of 42 to 41 the Senate refused to write into the preamble a provision that the ratification should not be binding unless the President deposited it within ninety days after the Senate acted.

The amendment was presented by Senator Brandegee, republican, and was supported by 38 republicans and three democrats.

Brandegee argued that a time limit should be placed on the President's action, and Senator Hitchcock, of Nebraska, suggested that it was "improbable that the treaty would get to the President or that he would deposit it."

When debate on the question of ratification began, there was virtually unanimous agreement among senators that the treaty would fail, and speakers on both sides tried to shift the blame for the outcome. It seemed likely that the session would run well into the night if the leaders carried out their plan to insist on a vote before adjournment.

POMERENE'S OPINION

(By Associated Press)

Washington, March 19.—In the course of today's debate, Senator Pomerene, democrat, of Ohio, said:

"The duty of the hour requires that we shall ratify the treaty on the best possible terms."

WARRANTS ISSUED FOR LUDENDORFF AND COL. BAUER

(By Associated Press)

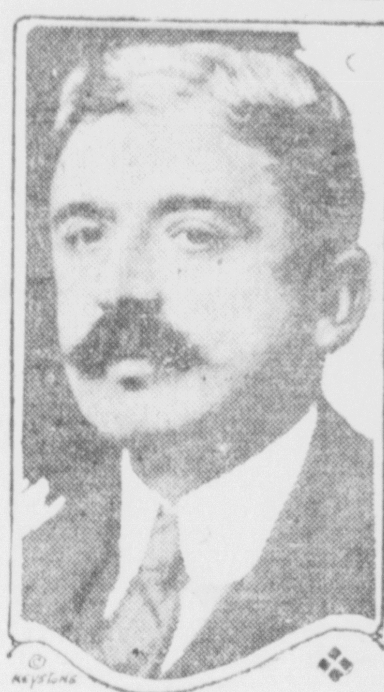

Copenhagen, March 19.—Warrants for the arrest of General Ludendorff and of Colonel Bauer, characterized as Ludendorff's "right hand man," have been issued says a Berlin dispatch.

A NEW ONE

(By Associated Press)

Lorain, March 18.—Sam Nagy, merchant of this city paid seven hundred twenty dollars for three thirty-gallon cans containing mostly water. He discovered the swindle when a few quarts of liquor had been drained from a can and no more would flow. Police confiscated the cans, which contained false bottoms.

Guillermo Subercaseaux, finance minister of Chili, is well known in world financial circles, being a prominent financier in his country. He served as a member of the Pan-American conference.

RECOMMEND NOMINATION OF MR. COLBY

(By Associated Press)

Washington, March 19.—The nomination of Bainbridge Colby to be Secretary of State, which has been the subject of extensive hearings by the Senate Foreign Relations Committee, was favorably reported today by the committee without a record vote.

The report generally was regarded as forecasting favorable action by the Senate, although it was indicated there probably would be considerable debate.

NOSKE RESIGNS ON INVITATION ASSEMBLY RESTS

General Seecht Expected To Succeed Noske and Schiffer Is Slated For Premier.

(By Associated Press)

Stuttgart, March 19.—The National Assembly, which met in extraordinary session here yesterday, was declared adjourned last night by its president to meet in Berlin next Tuesday, and the government decided to proceed to Berlin on Sunday.

The minority socialist leaders here have demanded that Minister of Defense Noske resign, and Noske has complied by tendering his resignation to President Ebert, but the government has not reached a decision as to its acceptance.

Should Noske retire, it is thought General von Seecht, now in command of troops in Berlin, would succeed him. Dr. Schiffer, Minister of Justice, probably will become Premier in the proposed reorganized cabinet.

MAJOR SCHROEDER WILL TRY TO SET ANOTHER RECORD

(By Associated Press)

Cleveland, O., March 19.—Major R. W. Schroeder, of Dayton, Ohio, holder of the world's record for airplane altitude, plans a ten-hour flight from San Francisco to New York late this summer, flying at a height of 30,000 feet, which he says will permit him to attain a speed of from 350 to 400 miles an hour.

GOT FUNDS HERE LANDS IN TOILS IN CHILLICOTHE

Endeavored to Obtain
Funds From Red Cross,
Later Stung Local Man.

Misrepresented Himself As
Secret Service Officer and
Is Arrested.

With the arrest of David D. George, alias David D. Joyce, in Chillicothe, on charges of impersonating a United States Army officer, obtaining money under false pretense and possibly other charges, comes the sequel to usual hard luck story which was read in this city last Friday a week ago and which procured for the victim of the reigned hard luck six dollars through the kindness and generosity of a local man.

A fine looking Sergeant-Major of the United States Army appeared at the Red Cross headquarters in this city on Friday March 5th, and related to Miss Mary Robinson, head of the local chapter that he was without funds, with the exception of seventy cents, and that he was connected with the Secret Service, with headquarters at Wheeling, West. Va. The soldier went on to state that he has married a girl, with whom he was desperately in love, in Lexington, Ky., a few days before while on a five days furlough. George, alias Joyce, declared that he

had overstayed his pass and that he had but one day in which to reach Wheeling or he would be listed as a deserter from the army. He asked for six dollars to take him on his way. Miss Mary Robinson followed the custom of the Red Cross in seeking the exact information on the man before letting him have the funds but George protested and told her not to call Lexington, or Wheeling. This aroused the suspicions of Miss Robinson and she refused to advance the money to the soldier.

George then went to the Y. M. C. A. where he told a sentimental story of how he had been married a few days before but because of a turn in his life he and his young bride had found it necessary to part the man approached called Red Cross headquarters and asked that the money be advanced and he would stand good for it.

When the next day, George told the same story to Mayor Story of Chillicothe, the mayor made investigation with the result that George, alias Joyce is behind the bars.

George was stationed at Camp Sherman during his time in the service and was discharged several weeks ago.

GOOD HOPE HIGH NOT REPRESENTED

Good Hope High School was not represented at the Scioto Valley Inter-scholastic Oratorical Contest held in Waverly Friday because of the illness of Miss Nellie Day, daughter of Mr. and Mrs. Addison Day, of Good Hope. Miss Day had been selected to represent the school in the meet and it was not possible to fill her place.

Good Hope was the only high school in the county entered in the Scioto Valley meet.

Dr. B. H. Scudder, of Miami University, was in this city for a short time Friday morning on his way to Waverly where he acted as one of the judges.

INJURED BY CAVEIN

Cary Stolzenberg, an employee of the Ham Fertilizer Company, received a dislocated right ankle and numerous bruises, Thursday, when he was caught by a cave-in at the plant. The man was taken to a doctor's office where an examination of his injuries was made.

Why Advertise Ford Cars

"Why do you advertise Ford Cars if you can't get as many
as you can sell?" a man asked us this morning. "I wouldn't
think any advertising is necessary," he added.

Really, we are glad that man asked that question for other
folks may be wondering about that, too.

But the explanation is very simple:

The Ford Motor Company won't sell Ford Cars or Trucks to
its agents for stock.

No Ford agent can get a Ford Car until he has first sold the
car and has filed the order with the Ford Factory, and the factory
delivers the cars to the agent who has the orders.

Now you can see why we urge you through advertising to
order your Ford Car promptly.

It is our opinion that Ford Cars will be scarcer than ever
this spring and summer.

INCREASED VALUES

Are you carrying sufficient insurance to cover the present value of your property?

In the past three years the value of real and personal property has nearly doubled.

Have you increased your insurance by an amount that will correspond with the advance in REPLACEMENT VALUE of your property?

Have you considered how much money you might be obliged to contribute in case of loss, because your insurance may not fully protect you under present value conditions?

In nearly all instances of renewal we are obtaining increased lines on all buildings and stocks.

Present forms of policies allow you to take insurance without notice to other companies.

Ask the Drivers of Commercial Cars

Commercial cars, especially if operated within the city, make frequent stops and as frequent starts. This stopping and starting is very wasteful of fuel, as you already know. But ask these commercial car drivers how

Liberty Gasoline Performs On The Start

Inasmuch as a great deal of fuel is wasted on the start of the motor, doesn't it reasonably follow that a quick firing fuel will save much of this waste?

None of Liberty is wasted on the start, even in cold weather, for it fires at the first turn over, at the very first contact, thus no unburned fuel finds its way into the cylinders. Wherever there is a spark Liberty will fire.

Saving fuel at the starting of the motor may seem a small item, but when many stops and starts are made in a day there is enough fuel saved to run many more miles.

Mr. Commercial Car Operator, ask your driver about this matter of starting and stopping, and have him test out Liberty for a week.

BOMBER MAKES SAFE LANDING RAN OUT OF GAS

On a trial trip from McCook's Flying Field, near Dayton, a giant bombing plane ran out of gas when it reached this city late Thursday evening and came to a safe landing in the Snider field on Elm street.

The plane, a naval bomber of the Glen-Martin type, in charge of Lieutenant Commander N. B. Chase and C. E. Miller, an army officer, was one of the new bombers being tested out at McCook's field for coast defense work, driven by two four hundred horse power Liberty motors and with a wing spread of 72 feet.

On a special contrivance beneath the plane, a torpedo weighing 1650 pounds is carried. Compartments for carrying bombs is also one of the features of the new coast defense weapon.

It was learned that the plane will be sent to Washington City for defense purposes when it has been thoroughly tried. During their stay in this city Miller and Chase were guests at a local hotel.

SONG OF LOCAL POET TO BE USED IN CAMPAIGNING

Local interest will be stirred to increased recognition of Miss Mae Duffee's ability as a song writer by the announcement that her song "Ohio," will be largely featured by the Democratic Glee Club of Columbus in the coming campaign.

Miss Duffee went to Columbus Friday to meet Mr. Schlessinger, president of this glee club, and found that her song had been chosen from quite a number offered to be the feature song of the club minstrels, which will be put on at the Hartman Theater the eleventh of April.

This song will also be used at the Democratic Convention in San Francisco and in concerts enroute and if Governor Cox is elected may become the campaign song. "Ohio" is dedicated to Governor Cox and his picture appears on the title page.

The Columbus Democratic Glee Club, in existence for 49 years, has a national reputation and Miss Duffee's

friends feel that its selection of her song is an unusual honor.

President Schlessinger has offered to bring the glee club to this city in concert for the benefit of any local charity or organization which desires to obtain it.

Miss Duffee's success has also been demonstrated by the acceptance of her last song by the Buckeye Music Publishing Company.

MUCH SOUGHT MAN IS IN ZANESVILLE

Deputy Sheriff A. C. Nelson has received no word from the Zanesville authorities concerning the arrest of J. W. Waddell, alias J. H. Smith, alias Albert Smith, except that the man is being held. Waddell, which appears to be his right name, passed worthless checks in this city on Lawrence Flesher and George Melvin to the aggregate sum of \$44. He was later arrested in Newark.

It has developed that besides being wanted on forgery charges in this city, Zanesville and Utica, Waddell is also wanted in Chillicothe.

It is not likely that Waddell will be brought back to this city to face charges, but will be dealt justice by the Zanesville courts.

POWERFUL SERMONS PRESBYTERIAN CHURCH

Rev. H. N. Paulson held his Thursday night audience at the First Presbyterian Church with the same undivided interest that has been given to each of his discourses. His strong personality and unique forceful way of presenting the Gospel message has a compelling charm. He always strikes a note of optimism and there is cheer and help in his sermons as well as uplift—"The Resurrection of Lazarus" text Jno. 11:1-30 was the theme of his discourse from which were culled the following excerpts:

All the members of the family went to where Lazarus was buried. The entire little town went. The miracle was to be seen by the people. Christ is waiting in most churches for the people to come and witness his mighty deeds. There are three things especially that we want to notice in this chapter.

First, The work of the people in removing the stone. That was their work and must be done before Christ does his for the stone is between him and Lazarus. It was placed there by human hands and it must be removed by them.

Secondly, The work of Jesus in the resurrection of Lazarus. This was the Savior's work alone. No one could even help him here. Every human effort would amount to nothing. But Christ was equal to it and just a call from him brought Lazarus back.

In the last place we find more work for the church. The removing of the grave clothes for they are a hindrance to the new life—and the church must remove all the hindrances and assist all new converts to live a Christian life. Many Christians today are almost useless because they are trying to serve God in their old clothes of their past lives.

There will be no Saturday service, out three Sunday services—morning, evening and a Men's Mass meeting at 2:30 in the afternoon. Every one invited to tonight's service.

Have A Care

Indications are not entirely lacking that powerful forces are at work seeking to line up the democratic party when it meets in national convention at San Francisco, in favor of the manufacture and sale of light wines and beers for beverage purposes.

Whiskey is down and out. There can be no issue framed on a come-back for old John Barleycorn. He has abdicated for good and all. The drive will be for the light wines and beers and temperance advocates will do well, before they take up world-wide prohibition to guard against the framing of an issue which will make it possible to bring back again the open saloon.

Nation-wide prohibition against all beverages containing alcohol, light wines and beers as well as whiskey, actually effective in peace times has caused an awakening in a good many sections of the nation. It seems to go a little farther than some men who voted for it, thought it would. It has affected the purse of many producers of raw material, it has caused a shrinkage in the revenues which has brought about higher taxation and public inconvenience in a way that some people didn't just "exactly" understand. Then too, right now there are a good many democratic politicians who are so anxious for a winning issue that they may be tempted to ground their lightning rods in the wine cellars. Politicians have been known to take action which had less promise of success in the general elections than a declaration in favor of a return of light wines and beer has, in view of recent expressions of the electorate in some portions of New England.

It will stand the dry organization in good stead to remain vigilant during the next six months at least.

"Settling Down."

Indications are not lacking to support the assertion that the affairs of the nation are beginning to settle down to normal again in a manner very satisfactory and very remarkable, too, when we consider to what extremes the necessity of war carried us and into what disturbed and disarranged conditions war's demands and the reactions of peace, plunged us.

There seems to be abroad in the land less of unrest, less of dissatisfaction, less of a feverish and dangerous inclination to be plunging ahead recklessly, regardless of consequences than was the case only a few months ago.

People of all classes and in all walks of life seem to be more appreciative of their blessings. They seem to be more cautious in their conduct and look to the future, both of themselves and the nation, with more genuine regard for consequences.

The service men are getting back into their places in the industrial and commercial world, the demoralizing effect of war times unprecedentedly high wage scale seems to be fading away before the returning sober realization of the American people that we cannot get along without work.

The agitators have measurably quieted down and, taken altogether, the industrial affairs show the existence of better conditions than at any time since nineteen fifteen.

The most serious concern now seems to be with the hoarders of foodstuffs and manufactured materials. They have met labor's demands but have maintained their old rates of gain plus war-time profits by unjustly manipulating supply so as to force an artificial demand.

Public opinion must now be centered in censure upon the profiteers in all lines. With the Bolsheviks of trade driven from the ranks of honest commerce a readjustment in that quarter will not be long in coming.

Home Building.

The housing problem, as we call it—the difficulty people have in securing places to live—is acute in Washington as it is in every other progressive and growing city in the land.

There are several reasons for the existence of the lack of house room, several conditions which brought about the present shortage of houses.

House building has measurably decreased during the last three years and the increase in demand has been, probably, above the normal demand during all that period, so that now, working as diligently as we will and investing tremendous sums, we are unable to pull ourselves abreast of the demand. We can scarcely, in view of material prices and labor conditions, keep even with the normal demand and we make little or no progress in reducing the huge deficit which years of idleness created.

Right now home building in Washington offers an ideal investment—profitable and safe.

There have been rumors of the formation of a home building company. Local people would do well to invest heavily in such an enterprise if formed and carried forward under proper management.

We would much prefer to see such a company organized, owned and controlled by home men and financed with home capital, but rather than not have the needed homes built a foreign directed company would be welcomed as a community aid and would be, under proper control, a good proposition in which to invest.

POETRY FOR TODAY

DON'T KILL THE BIRDS

Don't kill the birds, the pretty birds
That sing about your door,
Soon as the joyous Spring has come,
And chilling storms are o'er.
The little birds, how sweet they sing!
Oh! let them joyous live!
And never seek to take the life
That you can never give.

Don't kill the birds, the pretty birds,
That play among the trees;
'Twould make the earth a cheerless place
Should we dispense with these.
The little birds, how fond they play!
Do not disturb their sport;
But let them warble forth their songs,
Till Winter cuts them short.

Don't kill the birds, the happy birds,
That bless the fields and grove;
So innocent to look upon,
They claim our warmest love.
The happy birds, the tuneful birds,
How pleasant 'tis to see!
No spot can be a cheerless place,
Where'er their presence be.
—Colesworthy.

FAMOUS BRITISH MERCHANTS WILL TOUR AMERICA

(By Associated Press)

New York, March 19.—Twenty-two British merchants representing the largest department stores of the United Kingdom, will soon sail from England for a six weeks' tour of the United States to study American methods of retail store management with a view of establishing its use in England. The merchants, who will be the guests of the National Retail Dry Goods Association, will visit most of the principal cities in the country.

Chambers of Commerce throughout the country are joining with the national association and local merchants' organization in preparing receptions for the visitors and giving them an opportunity to study American methods at close hand. Secretary of Commerce Alexander has promised to welcome the visitors in the name of the country and pledge the aid of the department in making their visit a successful one.

A special car will carry the visitors on their tour. The itinerary includes stops at Pittsburgh, Dayton, Cincinnati, Cleveland, Toledo, Chicago, St. Louis, Kansas City, the Grand Canyon, Los Angeles, the Yosemite Valley, San Francisco, Portland, Seattle, Salt Lake City, Colorado Springs, Denver, Omaha, Milwaukee, Detroit, Buffalo, Niagara Falls and Boston. Side trips also will be made to Washington and Baltimore.

NOTICE

The Mothers Circle will meet with Mrs. John McFadden at her home on E. Paint Street at 2:30 p. m. Monday, March 22.

DRESSMAKER DOING HER BIT

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary and Frank Christopher.—Adv.

SAYS SHE HAD "FLU" 3 TIMES WITHIN YEAR

System Badly Weakened As
Result—Vola-Tonic Gave Her
Strength.

Men and women who had influenza and experienced the weakened, run down condition in which the disease leaves the system will know how Mrs. G. M. Rutledge, felt until she took Vola-Tonic recently. Mrs. Rutledge who lives at 1021 Windsor street, Cincinnati, O., said she had influenza three times and was in a seriously weakened condition as a result.

"The three attacks of influenza left me badly weakened and run down," Mrs. Rutledge said. "I had severe head aches constantly and my nerves were out of order."

"Vola-Tonic was recommended to me so highly that I got a bottle and started taking it. Before I had taken Vola-Tonic two days I noticed a change all over my system. I could see that I was growing strong."

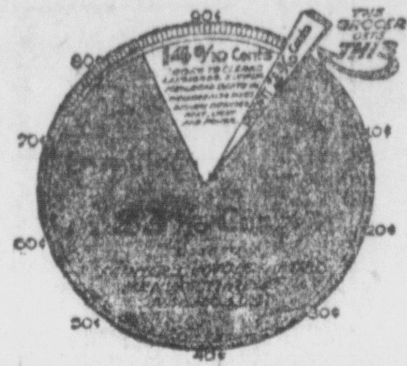

"I kept on taking Vola-Tonic and I am better now in a great many ways. I know Vola-Tonic is a good medicine and feel sure it would prove very beneficial in many cases like mine if taken according to directions."

Thousands of men and women who had influenza are still suffering from the nagging, energy-sapping effects of the disease. They have been unable to get back normal strength and health. In many instances, former ailing conditions of the stomach, liver or kidneys seem to be distinctly worse since influenza came.

Vola-Tonic, "Builder of Strength," is what many of these men and women need. Vola-Tonic invigorates the entire system and builds up new strength and better health.

Vola-Tonic, "Builder of Strength," is being specially introduced in Washington, C. H., at Frank Christopher's and in Jeffersonville by J. B. Davis.—Adv.

Your Grocer Is Not Profiteering

STATISTICS compiled by the Harvard University, covering 41 States, show that out of every dollar the grocer gets, he must first put aside 83 1/10 cents, the amount to be paid for the goods that cost the consumer \$1.00.

Out of the balance, 14 6/10 cents, he must then pay clerks and operating expenses of his business.

This leaves the grocer only 23/10 cents profit. Surely this frees the grocer from the slightest possibility of profiteering.

It pays to deal with the following reliable grocers, for then you know you are getting full value for every dollar you spend.

8 "The Y. W. C. A. Fifty Years Ago"—a tableau of living models—is to be one of the attractive exhibit features at the National Convention of the Young Women's Christian Association which takes place in Cleveland, Ohio, April 13th to 20th. When the Association had its beginning in Boston, something over fifty years ago, girls were just beginning to make a timid entry into industry and the business world and the first Association taught girls typewriting, an innovation at that time. In the tableau one of the three figures in stiff crinoline will be seen sitting at an old fashioned typewriter, while the other two young women will be seen practicing the more usual (for that time) feminine arts—sewing and cooking. On the wall of the room which will be as nearly as possible a reproduction of the first Y. W. C. A. class-room, will be copies of the announcements and posters of the day.

The exhibit hall—which is the ball room of the Masonic Building in which the convention sessions are to be held—will have displays of all sorts, showing the world-wide activities of the Y. W. C. A. today and will be open to the public. A Hostess House patterned after the hospitality houses which the Y. W. C. A. maintained in camps and abroad during the war, will form the rest room for visitors. The decorations, lights and exhibit proper are under the direction of Miss Mary Tyson Page, a New York artist, who has directed Y. W. C. A. exhibits nationally. Because of war conditions this convention which should have been held in 1918 was postponed until this year and according to preliminary announcements promises to have a record registration of over 2000 delegates.

The Thursday Club greatly enjoyed the hospitality of Mrs. Wert Briggs, Thursday afternoon. Beautiful potted plants and fragrant hyacinths were in tasteful arrangement throughout the rooms and St. Patrick's Day conceits introduced in the dainty luncheon.

Mrs. Briggs was assisted by her daughter, Miss Dorothy.

There were several privileged guests with the club members.

Mrs. Samuel Hoskins (nee Rose McLean) complimented the Daughters of the American Revolution representing the Washington C. H. chapter at the D. A. R. conference in Columbus with an elaborate luncheon at the Athletic Club Thursday noon.

The guests included the State Regent elect, Mrs. William McGhee Wilson, of Xenia, State Secretary, Mrs. Chas. T. Lawton (nee Bess Johnson) of Cleveland; Mrs. Robert Howat, daughter Miss Jean, Mesdames Frank M. Kennedy, Joseph Hidy, Eliza Waddell, George A. Robinson, Miss Fannie Persinger.

Mr. Paul Bishop and Miss Mae Crabtree were united in marriage. Wednesday evening by Rev. C. R. Ferguson at the Baptist parsonage.

The bride, daughter of Mr. G. C. Crabtree, was looking very pretty in a one piece gown of blue serge, with Spring hat of blue, oxfords and gloves en suite.

The groom only son of Mr. and Mrs. Sherman Bishop, of Clinton Avenue, holds a position at the J. W. Duffee Grocery Company.

For the present Mr. and Mrs. Bishop will make their home with his parents on Clinton Avenue. Friends are extending hearty congratulations.

Thursday evening marked the fourth dance of the Masonic Social Club series, held at the Masonic Hall. Seventy-two couples thoroughly enjoyed the splendid music of the Peerless Jazz Orchestra, of Columbus, from nine till one o'clock.

A buffet lunch was served. Out of town visitors included parties from Wilmington, Sedalia, Jeffersonville and New Holland.

The next dance of the series is scheduled for April 8th.

Saturday afternoon at two o'clock the following third grade pupils of Miss Stinson will give an interesting program to which the public is cordially invited: Misses Louise Fenner, Juanita Gerstner, Dorothy Donohoe, Dorothy Sparks, Helen Louise Jackson Marjorie Sparks, Doris Tracey, Jessamine Free, Mary Joe Bireley, Margaret Gibson, Genevieve Prive, Helen Rodecker, Donna Starr, Virginia Elies and Master Norman Price.

MRS. CHAPLIN TO SEEK SEPARATION

Los Angeles, March 19.—Mrs. Mildred Harris Chaplin, wife of Charles Chaplin, screen comedian has announced that she would seek legal separation from her husband. She did not make it clear whether she would ask for a divorce or for separate maintenance.

Mrs. Chaplin said her husband's coldness and neglect had made life unbearable for her. She charged that he had deserted her, threatening that unless she accepted a settlement of \$25,000 from him he would try for a divorce in Nevada. She also asserted he had detectives following her.

Mrs. Chaplin deplored her husband had grounds on which to sue her. She said that since leaving her he had been living in the Athletic Club at Los Angeles.

The comedian's wife is a motion picture actress.

NEW RECORD SET BY THE BARBERS

A new record in this city was set for a five man bowling team Thursday evening when the Barbers, rolling their regularly scheduled game in the city championship race, knocked down 852 pins. Carl Noon was high man for the Barbers with 215. The team average was 170.4.

In their second game the Barbers rolled 751.

Because of their failure to appear at the alleys, the Basket Ball team forfeited both games.

MARYLAND FOR 3.5 BEER

Annapolis, March 19.—The Maryland house of delegates' last night passed the Jones 3 1/2 percent beer bill, with amendments that make it operative only if the supreme court rules that "concurrent action" by states means that each state may fix alcoholic content of beverages manufactured and sold therein.

EMBROIDERED NET AND FILET MAKE YOUTHFUL FROCK

Here is the very frock you've been wanting for the school girl or "sub-deb." It will do nicely for any social affair during both late spring and summer. Embroidered net, filet tucks and a ribbon girle combine in a delightfully charming and girly frock. The French influence is shown in the short skirt and short sleeves.

HOME BUILDERS PRESENT PLAN TO LOCAL MEN

Representatives of New York Concern Investigate Need of New Homes.

Obtain Accurate Information With View to Erecting 100 to 200 New Homes.

At one o'clock Friday afternoon Mr. C. L. Schwerin and Mr. Orchard, representing the Industrial Housing Company of New York City met a body of representative citizens at the Y. M. C. A. for the purpose of presenting their plan for constructing 100 to 200 new homes in this city to meet the great demand for houses.

Arriving in this city at nine o'clock Friday morning, the two men started to work at once obtaining all data possible, and were ready at one o'clock with more exact information about the city than the average citizen knows about Washington.

The two men stated that housing conditions here were not new, and not any more acute than in many other cities. Their investigation is understood to have disclosed a great need for homes, from cottages to the most modern residences.

If the proposal of the men meets with approval of local business men, definite steps will be taken to cooperate with them and bring about a better condition insofar as it pertains to houses in the city.

With two new industries opening up and a normal demand exceeding all previous housing demands and a still further indication of new industries locating here in the near future, the question of providing homes has become a very serious one—more serious than the average citizen realizes according to reliable information presented to the men.

MEMORIAL HALL SET FOR FEAST

Squads of work men, the majority of them pressed into service for the occasion, have extended themselves in preparing Memorial Hall for the Fayette County Fish and Game annual banquet, and the site was set so that the feasters might be run through the banquet in two bunches with out confusion.

Special effort was made to care for the coats and hats of the men and the check room was pronounced complete in every respect by the inspecting officers.

Tables and chairs were hauled from every place of business in the city where such pieces of furniture, most necessary at a banquet, could be confiscated.

All Friday afternoon the smell of savory banquet issued from the top floor of Memorial Hall and when 5:30 rolls around the "big feed" will be ready.

MUSIC WITH GYMNASTICS

(By Associated Press)

Cleveland, O., March 18.—East High school has discovered what trapeze performers, army officers and physical directors have known for a long time. If music gives rhythm and life to movements of the feet in dancing, why not also to the hands in manual exercises?

So the talking machine is taking its place in the commercial classroom. Ragtime tunes, always ragtime, are played to give the typewriting students the rhythm and speed they require. "Smiles," that somewhat shopworn air of the vintage of 1918, dictates the movements in that somewhat older practice sentence—"Now is the time for all good men to come to the aid of their party."

HOUSE COMMITTEE LOCKS HORNS ON TAX PROBLEMS

(By Associated Press)

Washington, March 18.—The House Ways and Means Committee locked horns today with tax problems arising out of the decision of the Supreme Court exempting stock dividends from taxation. Treasury experts were called to aid the committee in its search for new sources of income.

Wayne Johnson, solicitor of the treasury, while not endorsing any plan, told the committee excise taxes on stock dividends could be made retroactive over a reasonable period and would be held constitutional in the future.

Methods of flat taxation abolishing the graduated schedule now existing were discussed but comment was withheld. Change of present tax law is improbable and this session, Representative Kitchin said.

ALL AMERICANS IN GERMANY SAFE

(By Associated Press)

Coblenz.—An effort is to be made to concentrate Americans now in Germany at some one point so that all of them who desire to leave the country may be able to do so. As far as known, all Americans in Germany are safe.

MESSANGER AND BONDS REPORTED MISSING

New York, March 18.—Another alleged bond robbery today was added to the financial districts long list when the brokerage firm of John Muir and Company reported to police that one of its messengers sent out yesterday to deliver liberty bonds and securities valued at \$14,000 was "missing."

OHIO HOOVER MEN BUSY

These scholarships are offered annually through the state department of public instruction.

FRANCE PLACES ORDER FOR BOAT

(By Associated Press)

Chester, Pa., March 18.—A shipbuilding company of this city has received a French order for an 8,000-ton tank steamship. This is believed to be the first order for a ship to be placed by France in this country since the signing of the armistice.

PRINCE OF WALES HAS DOUBLES

(By Associated Press)

London.—(By Mail)—The Prince of Wales seems to have doubles in England.

In the company of two officers, a man entered a West End moving picture theater the other day. A lady sitting near the door arose bowed and presented the eternal autograph book. The man took the book and with a serene countenance, wrote "J. J. Smith," and handed back the volume with a gracious bow.

It was not the prince.

50,000 REFUGEES CAMP IN STREETS

(By Associated Press)

Novorossisk, Russia.—(By Mail)—Fifty thousand refugees from all parts of Southern Russia have been camping in the streets of Novorossisk for several weeks waiting for transportation to take them across the Black Sea to a place of safety. Most of them are families of officers and leaders of the army of Denikine. All the resources of the American Red Cross mission to South Russia have been employed in extending relief to the refugees.

Every shelter of any description has been crowded with humanity. Idle factory buildings, grain elevators and rooms used as offices during the day have been filled with refugees at night.

Thousands have spent their days walking the streets and at night fall have spread their blankets and scant coverings upon the pavement to sleep.

Hospitals have been filled to overflowing and medical supplies have run low while hundreds of cases of typhus developed every day. Each morning found hundreds dead in the streets.

CAPT. D'ANNUNZIO HAS MANY WHIMS OUT OF ORDINARY

(By Associated Press)

Flume.—(By Mail)—Innumerable peculiarities constitute the temperament of Gabriele d'Annunzio. He is superstitious to the core and will never sit down to an ordinary meal unless there are eleven at table. He is fastidious in his choice of foods and will drink only a special kind of Rhine wine. His favorite dish is "scampi," a small crab-fish found only in the Quarnero. He was a lover of the fish when he lived on the Grand Canal in Venice.

So much did he think of the food that he went on a search of all that was written about them and has compiled already a studious lecture on the subject. The fish resembled in color the American shrimp but is much larger and has a taste milder than lobster approximating the crab but considerably more toothsome. "Scampi" is the favorite seafood in practically all of the north Adriatic resorts.

Besides his partiality for "scampi," d'Annunzio is a lover of ice-cream. He sometimes divides a large cake of it intended for the whole table, into two halves. He takes one entire half himself then gives the other half to the remaining ten at the table.

The poet's dining room must be done in red. The walls must be covered with red tapestry and much of the furniture. Then, too, orders are given concerning the color of flowers, morning, noon and night.

24,000 MOTORS TO AID ROAD WORK

(By Associated Press)

Washington, March 19.—Approximately 24,000 motor vehicles intended for war purposes have been turned over to the Department of Agriculture by the War Department for distribution among the state highway commissioners for use in road building. allotments being based on the amount of Federal aid for roads which the states receive. Already 12,000 have been delivered to states and the remainder will be distributed as fast as delivery cars can be secured for their transportation, which will be probably two or three months. This equipment promises to be of great aid in carrying out the large road building program for 1920.

BANK HOLDUPS CAUSE ACTION

Dublin.—(By Mail)—The hold-ups in the south of Ireland of bank officials has led to an interesting counter move. A party of 30 civilians escorted two officials of the Munster and Leinster Bank from Tipperary to a sub-office at Galbally, County Limerick, nine miles distant, where a cattle fair was held. Two members of the escort went in front on horseback, and the remainder followed in cars.

VANDERBILT GIFT USED FOR THE LEAGUE

(By Associated Press)

London.—(By Mail)—The palatial London house which W. K. Vanderbilt gave to his daughter, Consuelo, as a wedding gift when she became the Duchess of Marlborough, has become the home of the British branch of the League of Nations. The government has leased the mansion and official business already is being transacted there.

This house, which is situated in the heart of the fashionable section in Curzon Street, is one of the most costly in the city. It is built of marble and other stone in French style, and from the outside looks more like a bank than a residence.

It is understood that the League of Nations' officials and employees are having troubles, despite the magnificence of their surroundings. The great and ornate ball-room, for example, while much admired from an artistic point of view, develops cyclonic draughts which cause much discomfort to the unlucky officials and clerks who are stationed in it.

In addition to this house, the League of Nations has also taken two other buildings in Piccadilly, since they needed more accommodations than the home of the Duches provided.

CHANGE OUTPUT

(By Associated Press)

Rotterdam.—(By Mail)—Some of Holland's biggest shipbuilding plants have turned to the construction of huge motor freighters, equipped with oil engines, which they believe will soon drive steam off the sea. One Norwegian firm has ordered 16 motor ship of 120,450 tons to be built in a Dutch ship yard.

SHORTAGE HITS BUSINESS FIRMS

Many places of business in this city have barely enough coal on hand to run them until warm weather comes as a result of the shortage which has been experienced during the winter and due to the fact an added supply has not been available. The supply dribbling into the city has been almost parceled off to the consumers in order to keep institutions supplied and keep up at the same time with the household demands.

One of the institutions of the city affected by the shortage is the Young Men's Christian Association building. The coal supply is barely able to be lengthened out until the warm days of summer and several loads of wood slabs have been put in for emergency.

Many homes of the city are using wood for heating purposes and the demand for slabs is almost in comparison with coal demand.

COMMERCIAL CARS ARE DESIGNATED

Another thin line has been drawn by the state officials in regard to automobiles used for commercial purposes. The distinction has caused some confusion when the owners have applied for licenses at the Fayette Automobile Club offices and the persons issuing the licenses are experiencing much trouble in defining the cars.

The state department has ruled that any car passenger car or truck is a commercial car when it is used in a commercial manner and is therefore classed as such and must be supplied with such a license.

For example any car used in a business way for carrying merchandise or any commodity or used in the nature of a taxi is classed as a commercial car.

The distinction is very thinly drawn and must not be overlooked by the license purchaser or the owner is liable for the fine provided in instances where false information is given when the license is being applied for.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and joints and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

CHEMICAL TO PURIFY STREAMS

(By Associated Press)
Cincinnati, O., March 19.—By the use of chemicals, polluted streams in and around Cincinnati and other parts of the state could be so purified that fishermen could again fish in them and fish could live in them, is the belief of A. C. Baxter, chief of the state fish and game department.

Baxter came here to witness the first demonstration in this city of a new method of chemically treating polluted water so as to restore its purity. The method is said to have been discovered by J. T. Travers, superintendent of the division of stream pollution of the department of the interior.

STATE QUALIFIES FOR FEDERAL AID

Washington, March 19.—It was announced today at the Bureau of Roads of the Department of Agriculture that up to February 29 of this year the State of Ohio had met all of the qualifications to receive \$6,496,709.90 in the form of federal aid for road building.

As the state is required to put dollar for dollar this means that \$13,000,000 is to be expended for better roads in Ohio.

Not Sick Exactly, Just Seem To Have No Ambition

An Awful Feeling Seldom Necessary

Pepto-Mangan. The Red Blood Builder, Does Away With Languor.

If you don't feel like doing things, you won't. If you wonder where some people get all their energy, the answer is from good food which in turn makes rich, red blood.

If your food does not give the nourishment and vigor it should, it is most likely that your blood is so weak that it needs a little extra help for a time to build it up to the normal strength.

Thousands of men and women have been restored to vigorous health and lasting happiness by Gude's Pepto-Mangan. This beneficial blood tonic contains the very properties so vitally needed to improve the blood. Pepto-Mangan, if taken for a few weeks, will enrich the blood and create thousands of the tiny red blood cells that are necessary to carry nourishment and strength to every part of the body.

Be sure to ask your druggist for "Gude's" when you order Pepto-Mangan. For convenience it is prepared in liquid and tablet form, both possessing exactly the same medicinal properties. "Gude's" is the genuine Pepto-Mangan. Look for the name "Gude's" on the package.—Adv.

Felt tired and draggy every morning, but Drecto has overcome all this and she now attends to her duties.

"I had such terrible backaches that I couldn't bear to wear a corset for the pressure was more than I could bear, even though I felt the need of the support it gave me," said Mrs. Jennie Mai Walker, of 176 E. Water St., Sandusky, O.

"My kidneys were in bad shape and I frequently had to get up several times during the night. My stomach was deranged for indigestion troubled me daily. My bowels were bound up and I had headaches every day, especially in the morning, when I'd get up feeling tired out and had those dragging pains. I had a spell and they had to help me up and down in bed on account of the pains in my back. I lost weight and got so weak I could not attend to my housekeeping."

"A friend told me I should get some Drecto for me, which he did and I began taking liberal doses, which got my bowels moving and cleaned a lot of stuff out of me. My kidneys got better so that I did not have to get up during the night, and all the pain in my back disappeared. My food digested better, with no gas or pains in my stomach; I began to gain my weight back; my appetite increased; I slept sound every night and on waking I'd feel fresh, with no headaches. I take long walks now and don't grow tired; am keeping my house again, and even washed and ironed last week. Drecto has been a blessing to me, and I gladly praise it."

All good druggists sell Drecto and it is highly recommended in this city by Frank Christopher, Druggist

Executor's Sale of REAL ESTATE

Notice is hereby given that the undersigned executors of the Estate of George Inskeep, deceased, on Saturday, the 27th day of March, 1920, at 2 o'clock p. m., of said day, at the door of the Court House, in Fayette County, Ohio, will offer for sale to the highest bidder 250.07 acres of land, located in Paint and Jefferson Townships, Fayette County, Ohio, and definitely described in the deed of William C. Kiess and wife to George Inskeep, found at page 638 of Deed Book No. 42, of the record of deeds of Fayette County, Ohio.

Said land is located about 5 miles northwest of Washington C. H., Ohio, on the county road leading from the Jeffersonville pike to the Prairie pike and contains 45 acres of growing wheat; 80 acres to be farmed in corn; 30 acres of clover and timothy and the remainder in pasture.

The farm is highly improved and is rented for one year to A. C. Wooldard on the Stock Plan.

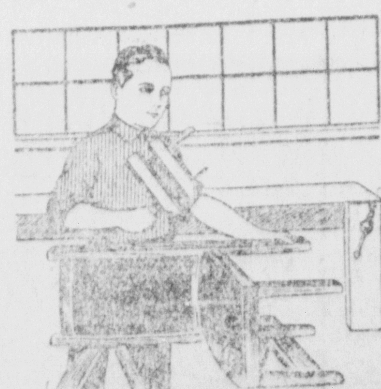

The purchaser will receive the landlord's share of wheat and all other crops for the year 1920.

Terms: One-third cash; one-third 6 months; balance one year.

IDA INSKEEP,
BURCH RIBER,
ARCH RIBER,
Executors.

We Make Old Furniture New

by upholstering it in leather, velour, or any other desired material. We do more, however, than just recover the furniture. We practically rebuild the chairs, gavenport or other article, making them to all intents and purposes actually new. We shall be glad to call and give you an estimate.

MISSING YOUTH HAS BEEN FOUND
Delbert Yarger, 15 years old, son of Joseph Yarger, of this city, was found last evening at the home of friends near Lamberton.
He had been ill and had wandered away from his home some days ago, and a search in the homes of all his relatives had failed to reveal his presence. He was apparently none the worse for his experience, but the family and relatives had feared that he might suffer from the exposure of being out of doors during the bad weather, in his physical condition.—Washington News.

HEALTH SITUATION UNUSUALLY GOOD
Health conditions in the city are far above the average at this period of the year, according to Health Officer Byron, who has only one or two cases of contagious disease under quarantine, which will be lifted within a short time.
Usually at this period of the year a half score of cases of contagion are not unusual.
Brownell sells Baby Chickens, \$1.80 per dozen, postage paid, to any address.
QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.
Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.
No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.
If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.
Thousands take them every night just to keep right. Try them. 10c and 25c.

joy keeps women young and beautiful!

HARD work ages women. The daily house chores, often distasteful, are the telling destroyers.

Why don't you let Joy into your home to do the hard work? Joy, a cool, firm, white soap, goes after pots and pans, dishes and windows, bath tubs and floors, in such a hearty manner that they fairly bristle with brightness! And, my! how clean and sweet the laundry is after washing with Joy!

You never saw anything clean as easily and quickly. There's no scrubbing necessary—just rub a little and Joy disintegrates the dirt, grease and grime almost instantly.

And economical! Joy lasts longer, does the job in less time and better. It doesn't get soft and sticky when wet, either. It's just a plumb everlasting good household soap, working like a wizard all the time. You'll sure like it. Ask your grocer today.
